ŠKOLA STRANIH JEZIKA

CHASOPIJS NOVI ISKOPRAVO 2009.

Centar za učenje stranih jezika ST NICOLAS SCHOOL je osnovan 1999. godine sa namerom da se širokom spektru polaznika omogući kvalitetno učenje stranih jezika (engleski, nemački, francuski, italijanski, španski, ruski, grčki, norveški, švedski, srpski za strance...). Stalna posvećenost učenicima, pažljivo odabrani predavači, najnoviji programi učenja i efikasne nastavne metode – samo su neki od razloga uspešnosti i mnogobrojnih pohvala koje je škola imala u proteklih deset godina. Pored osam različitih lokacija u gradu, gde se nalaze odlično opremljene učionice (Blok 70 – Jurija Gagarina 31B, lokal 38, Blok 44 – Nehruova 51A, lokal 58, Blok 22 – Bulevar Zorana Đinđića 45V, kod „Carine“ - Narodnih Heroja 30/II, Bežanijska Kosa – Nedeljka Gvozdenovića 34, Konjarnik – Ustanička 189, Cerak – Ratka Mitrovića 159A i Tržni centar „Piramida“ – Jurija Gagarina 151A/III, lokal 150), moguće je organizovanje obuke zaposlenih u firmama, pri čemu se programi prilagođavaju njihovim potrebama u specifičnom poslovnom okruženju. Nastava se drži u malim grupama, od 3 do 8 polaznika, što je jedan od neophodnih uslova za aktivno učeće svih prisutnih na času. Na ovaj način daci stiču preko potrebno samopouzdanje u komunikaciji na stranom jeziku. Prijatna atmosfera, ljubazno osoblje i druže-nje sa ostalim polaznicima, dodatno motiviše i olakšavaju učenje. Nakon analize potreba i sposobnosti polaznika, profesori ulažu sav svoj entuzijazam da pomognu u postizanju zadatih ciljeva u učenju i ovakav lični i fokusiran pristup je garancija za ostvarenje napretka i podizanje nivoa znanja. Škola radi svih sedam dana u nedelji, od 8 do 24h, a termini i intenzitet nastave se utvrđuju u dogovoru sa učenicima. Za sve one koji žele da dobiju međunarodno priznat sertifikat o svom znanju, ST NICOLAS SCHOOL pruža mogućnost i za to. Naime, škola je među prvima u zemlji dobila akreditaciju Privredne komore Londona za pripremu i polaganje ispita iz oblasti engleskog i nemačkog jezika. Ove testove mogu polagati ne samo odrasli polaznici, već i deca.

Qualifications from EDI

ST NICOLAS SCHOOL was founded in 1999 with the intention of providing high-quality learning of foreign languages (English, German, French, Italian, Spanish, Russian, Greek, Norwegian, Swedish, Serbian for foreigners...) to a wide range of students. Constant dedication to students, carefully selected teachers, the latest educational programmes and efficient teaching methods – are just some of the reasons for success and rewards the school has had in the previous ten years. Besides eight different locations in Belgrade, where there are well-equipped classrooms, (Block 70 – 31B Jurija Gagarina, Block 44 – 51A Nehruova, Block 22 – 45V Bulevar Zorana Djindjica, near „The Customs“ - 30/II Narodnih Heroja, Bežanijska Kosa – 34 Nedeljka Gvozdenovica, Konjarnik – 189 Ustanička, Cerak – 159A Ratka Mitrovića and Shopping Centre „Piramida“ – 151A/III Jurija Gagarina), it is possible to organize training courses for employees in companies where the programmes are adopted to their needs in specific business environment. Courses are given to small groups, 3 to 8 students, which is one of the necessary conditions for active participation of all those present in class. This way they can gain essential self-confidence in communication in a foreign language. Pleasant atmosphere, kind staff and socializing with other students, additionally motivate and make the learning easier. After analysis of students' needs and skills, teachers invest all their enthusiasm to help them achieve set learning goals and such personal and focused approach is a guarantee for making improvement as well as increasing their level of knowledge. The school is open seven days a week, from 8 to 24h. The timetable and intensity of classes depend on the agreement with the students. For all those who are interested in having internationally recognized certificates of their knowledge, ST NICOLAS SCHOOL gives an opportunity for that, too. Namely, having been accredited by London Chamber of Commerce and Industry, this school is among the first ones in the country where students can prepare and take specific exams in English and German language. These tests can be taken not only by adults but by children as well.
